HUDEX Ltd. and Market Participant hereinafter together referred to as “Parties” or individually referred to as “Party”.

Preamble

Pursuant to Article 7 of Regulation (EU) No 1227/2011 of the European Parliament and of the Council on wholesale energy market integrity and transparency (hereinafter referred to as „REMIT“) the Agency for the Cooperation of Energy Regulators (hereinafter referred to as „ACER“) shall monitor trading activity in wholesale energy products to detect and prevent trading based on inside information and market manipulation. In order to fulfil such monitoring activity the ACER shall collect the data for assessing and monitoring wholesale energy markets as provided for in Article 8 of REMIT.

Pursuant to Article 8 of REMIT market participants, or a person or authority listed in points (b) to (f) of paragraph 4 of REMIT on their behalf, shall provide the ACER (and, where required so, the national regulatory authorities) with a record of wholesale energy market transactions, including orders to trade. According to Article 2 (4) b) ‘wholesale energy products’ means also derivatives relating to electricity or natural gas produced, traded or delivered in the Union, irrespective of where and how they are traded.

Further, recital (19) of REMIT declares, that where a market participant or a third party acting on its behalf, a trade reporting system, an organised market, a trade-matching system, or other person professionally arranging transactions has fulfilled its reporting obligations to a competent authority in accordance with Directive 2004/39/EC of the European Parliament and of the Council of 21 April 2004 on markets in financial instruments (3) or applicable Union legislation on derivative transactions, central counterparties and trade repositories, its reporting obligation should be considered fulfilled also under this Regulation, but only to the extent that all the information required under this Regulation has been reported.

Commission Implementing Regulation (EU) No 1348/2014 on data reporting implementing Article 8 (2) and (6) of Regulation (EU) No 1227/2011 (hereinafter referred to as “REMIT IR”) defines the detailed rules of the fulfilment of the above data reporting obligation.

According to Article 6 of REMIT IR market participants shall report details of wholesale energy products executed at organised market places including matched and unmatched orders to ACER through the organised market place concerned, or through trade matching or trade reporting systems. The organised market place where the wholesale energy product was executed or the order was placed shall at the request of the market participant offer a data reporting agreement.

HUDEX Ltd. holds a license to operate a regulated market of energy derivatives in Hungary called “HUDEX Market”, which is an organised market place in the meaning of REMIT. Market Participant is trading on HUDEX Market as a HUDEX Member based on its HUDEX Membership Agreement concluded with HUDEX Ltd.

In line with its obligations stipulated in Article 6 of REMIT IR, HUDEX Ltd. has offered a data reporting agreement to all of the HUDEX Members, including the Market Participant, however the Market Participant has decided to fulfil its data reporting obligation under Article 8 of REMIT in relation to the data of its trading on HUDEX Market without having resort to the offered data reporting service of HUDEX Ltd., and therefore the Market Participant will not accept the offer of HUDEX Ltd. and will not conclude the Data Reporting Service Agreement with HUDEX Ltd.

However the Market Participant would like to require an access to the data regarding its trading on HUDEX Market as it is registered and archived by HUDEX Ltd. in its databases, most importantly the identification codes of the traded contracts generated by HUDEX Ltd.

In consequence thereof, the Parties hereto now agree as follows.

Article 1 Subject Matter of the Contract

Market Participant hereby requests HUDEX Ltd. to save and make the reportable data available for the Market Participant set out in Table 1 of the Annex to the REMIT IR that HUDEX Ltd. possesses (or shall be generated by HUDEX Ltd.) in respect of the Market Participant's trading on HUDEX Market. The Market Participant will maintain and ensure the reporting of such data to ACER without any further contribution of HUDEX Ltd., and therefore the Market Participant expressly declares that HUDEX Ltd.'s only task and obligation based on present Agreement is to provide the Market Participant access to the trading data of the Market Participant on HUDEX Market required for the data reporting based on REMIT, as detailed in Table 1 of the Annex to the REMIT IR.

Article 2 Start Date and Timing of availability of the Data

2.1 Start Date

HUDEX Ltd. will make the data defined in Article 1 available for the Market Participant data from the 1st Trading Day in accordance with HUDEX rules and regulations.

2.2 Timing

Pursuant to Article 7 of REMIT IR details of standard contracts and orders to trade, including for auctions, shall be reported as soon as possible but no later than on the working day following the conclusion, modification, termination of the contract or placement, modification, termination of the order. HUDEX Ltd. shall make its best effort to make the data specified in Article 1 related to the Market Participant available for the Market Participant at the latest until 12:00 CET on the day when they are reportable according to Article 7 of REMIT IR.

Article 3 Access to the SFTP Server

In order to enable the Market Participant to access the data possessed by HUDEX Ltd. required for the data reporting based on REMIT about the Market Participant's trading on HUDEX Market, HUDEX Ltd. saves and makes available for the Market Participant these data on a secure file transfer protocol based file server ("SFTP Server"). The Market Participant can reach and access such SFTP Server with a login name and password via the internet.

Market Participant obtains the login name and password for the secure access to the SFTP Server from HUDEX Ltd. HUDEX Ltd. shall insure that it discloses the login name and password only to the contact persons of the Market Participant appointed by the Market Participant in Article 12 below, and that the SFTP Server containing the information related to the trading of the Market Participant on HUDEX Market will be accessible only by the login name and password. After the receipt of the login name and password issued by HUDEX Ltd., the Market Participant shall take all responsibility of the safe handling of such login name and password in order to protect the secure access to the partition of the SFTP Server containing the information related to the Market Participant's trading on HUDEX Market. For operational purposes HUDEX Ltd. will have dedicated internal users who can also access the Market Participant's data available on the SFTP Sever.

Thus HUDEX Ltd. provides a password protected secure access to the SFTP Server for the Market Participant, which allows the Market Participant to download the reportable data in connection with its trading on HUDEX Market in a pre-defined XML file fully compatible for reporting to ACER, as prescribed by ACER in the prevailing rules and which is compatible for the report obtainment

infrastructure and procedure of ACER's Remit Information System (ARIS). HUDEX Ltd. ensures that the data on the SFTP Server accessible for the Market Participant are saved and stored in an XML file format with the form and structure (ACER XML file) as required by ACER.

Article 4 Form of the provided data

In order to ease the task of the Market Participant to align with ACER requirements, HUDEX Ltd. makes reasonable efforts to save and store the required data on the SFTP Server accessible for the Market Participant in a raw XML file format similar to or convertible to the XML file format required by ACER. For the sake of clarity the raw XML file format provided by HUDEX Ltd. on the SFTP Server needs to be processed further (i.e. it needs to be transformed, signed, encrypted, etc.) by the Market Participant in order to meet all the ACER requirements.
